CATAN[®]

TRADERS & BARBARIANS

**5-6 PLAYER
EXPANSION**

INTRODUCTION

CATAN® – Traders & Barbarians 5–6 Player Expansion™ (aka Traders & Barbarians 5–6) allows you to add one or two players to your CATAN – Traders & Barbarians Expansion™ (aka Traders & Barbarians) game. Traders & Barbarians 5–6 uses the same rules as Traders & Barbarians with a few additions, including updates for:

- 1. Board assembly
- 2. The paired players turn

Traders & Barbarians 5–6 follows the new paired player rules found in CATAN – 5–6 Player Expansion™ (aka CATAN 5–6).

COMPONENTS

To play Traders & Barbarians 5–6, you will need the components from CATAN – The Game™ (aka CATAN), CATAN 5–6, and Traders & Barbarians. Traders & Barbarians 5–6 components can be identified by this icon .

2 paired player markers

with plastic bases

1 river

TRADERS & BARBARIANS

5 commodity hexes

2x quarries

2x glassworks

1x castle

18 commodity tokens

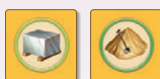

6x quarry front

6x glassworks front

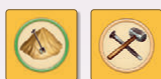

6x castle front

(3x each back)

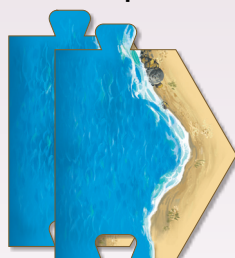

(3x each back)

(3x each back)

2 frame pieces

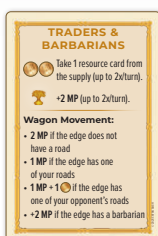

2 wagons (1x each color)

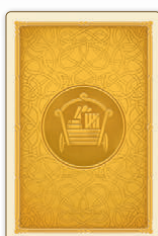

2 cubes

2 player aids

12 development cards

back

2 wagon boards

RULES

NOTE: This edition has **new paired player rules** that replace the special building phase found in previous 5–6 player expansions.

CHOOSE THE FIRST PLAYER

Each player rolls the dice. The player with the highest roll is the first player and receives the player 1 marker. The third person to the left of the starting player receives the player 2 marker.

TURN OVERVIEW

Traders & Barbarians 5–6 is played over a series of turns, starting with the first player and moving clockwise around the table. A turn consists of three or five phases, depending upon the scenario, which occur in this order:

PLAYER 1

1. **Production Phase**
2. **Action Phase**
May trade with other players and the supply
3. **End of Turn Phase**
(scenario-dependent)

PLAYER 2

4. **Action Phase**
May only trade with the supply
5. **End of Turn Phase**
(scenario dependent)

Once player 2 has finished their End of Turn phase, if the game has not ended yet, pass the dice and the player markers to the left. The new player 1 begins their turn with the Roll Dice phase.

RULES CHANGE FOR PAIRED PLAYERS

Player 1 takes their turn exactly as they would in a game of *Traders & Barbarians*, including meeting the scenario’s “Winning the Game” condition.

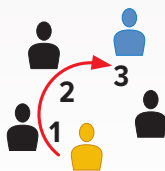

In this case, the game ends immediately—even before player 2 takes their Action phase.

If player 1 does not win on their turn, then player 2 takes an Action phase and End of Turn phase with one restriction:
Player 2 may not trade with other players.

PAIRED PLAYERS

5 players

The third player to the left of the first player is **player 2**.

The first player is **player 1**.

6 players

The third player to the left of the first player is **player 2**.

The first player is **player 1**.

Note: Development cards built when you are player 2 may be played as normal when you are player 1 and vice versa.

If player 2 reaches the scenario’s “Winning the Game” condition during their part of the paired player turn, they win and the game ends immediately.

FISHING ON CATAN

ADDITIONAL COMPONENTS

2 fishing grounds

14 fish tokens

4x one fish

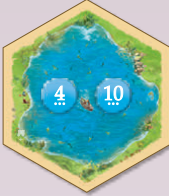

5x two fish

5x three fish

1 lake hex

back

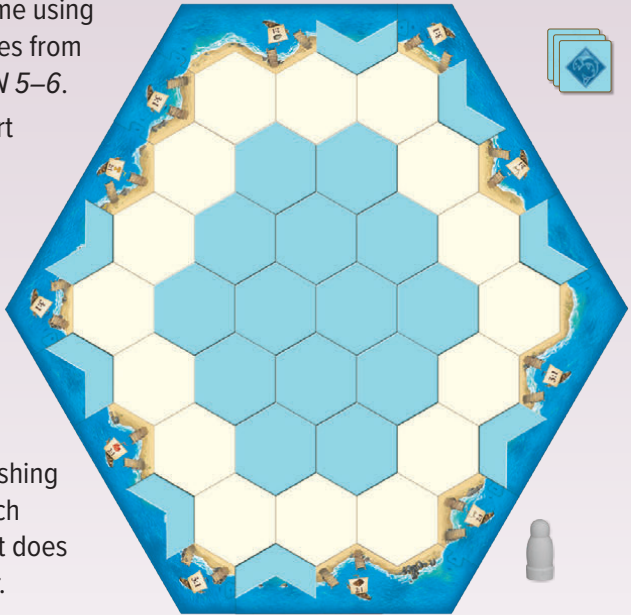

2 player aids

front

CHANGES TO SETUP

- Assemble the frame using all the frame pieces from CATAN and CATAN 5–6.
- Replace the desert hexes with the lake hexes.
- Place the 2 lakes and 12 random hexes in the light blue, inner area of the board shown here.
- Place a random fishing ground tile on each frame section that does not have a harbor.
- Add the 14 fish tokens to the tokens from *Traders & Barbarians* before mixing them together face down near the resource cards.

ADDITIONAL RULES

FISH TOKENS

Spend fish tokens

Player 2 may spend fish tokens and pass the old boot during their Action phase as normal.

RIVERS OF CATAN

ADDITIONAL COMPONENTS

2 wealth status tiles

2x Poor Catanian tiles

20 coins

8x 5 gold 12x 1 gold

6 bridges

(3x each color)

2 player aids

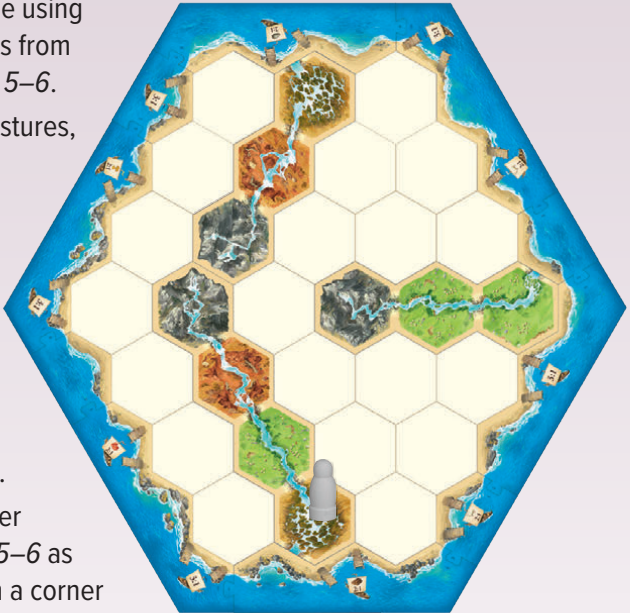

1 river

CHANGES TO SETUP

- Assemble the frame using all the frame pieces from CATAN and CATAN 5–6.
- Return 2 hills, 3 pastures, 3 mountains, and 2 deserts to the box.
- Place the 3 river tiles as shown.
- Randomly place the remaining hexes to finish creating the island.
- Place all the number discs from CATAN 5–6 as normal, starting on a corner hex and skipping over swamps.

The instruction to place the number 2 disc on the same hex as the number 12 disc does not apply.

ADDITIONAL RULES

COINS

Spend coins

Player 2 may spend coins to purchase resources during their Action phase as normal. They can also trade coins for resources with the supply as normal.

MERCHANT TRAINS

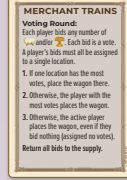

ADDITIONAL COMPONENTS

1 watering hole hex

2 player aids

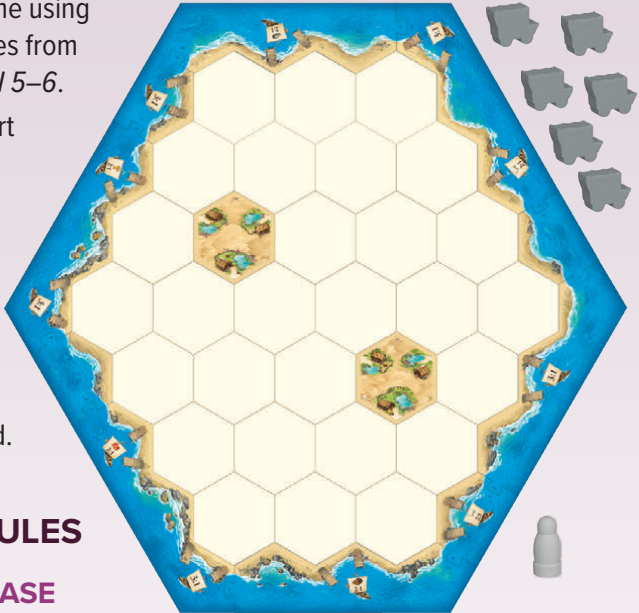

11 trade wagons

CHANGES TO SETUP

- Assemble the frame using all the frame pieces from CATAN and CATAN 5–6.
- Return the 2 desert hexes to the box.
- Place the 2 watering holes as shown.
- Randomly place the remaining hexes to finish creating the island.

ADDITIONAL RULES

END OF TURN PHASE

Voting round

Player 1's turn proceeds as normal, including holding a voting round if they built any buildings during their Action phase.

If player 2 builds a building during their Action phase, they hold a voting round as well. For this round, player 2 is considered the active player.

There are now six locations for starting a merchant train, three at each watering hole. Starting and extending merchant trains from these locations proceeds as normal.

BARBARIAN ATTACK

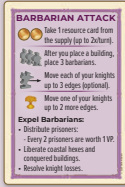

ADDITIONAL COMPONENTS

1 castle hex

2 player aids

front

12 barbarians

12 knights
(6x each color)

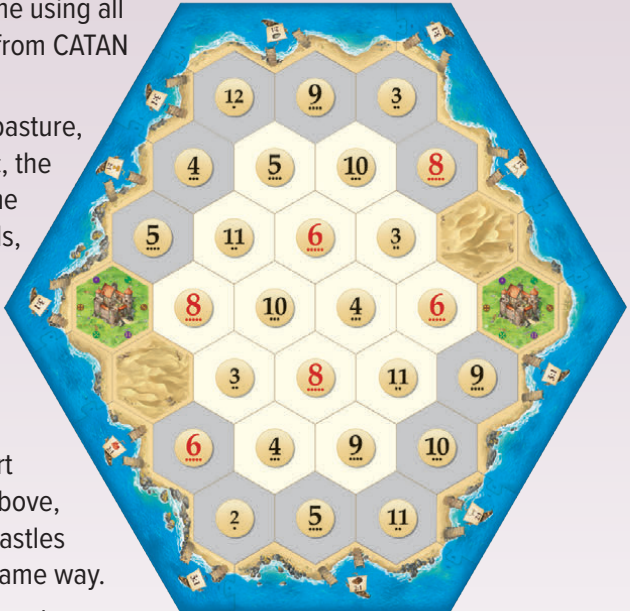

20 coins

CHANGES TO SETUP

- Assemble the frame using all the frame pieces from CATAN and CATAN 5–6.
- Return 1 forest, 1 pasture, the number 2 disc, the number 12 disc, the development cards, the Largest Army bonus VP tile, and the robber to the box.
- Place the 2 castle hexes and 2 desert hexes as shown above, making sure the castles are oriented the same way.
- Collect 3 hills, 3 forests, 2 pastures, 2 fields, and 2 mountains. Randomly place these hexes in the grey outer circle.
- Collect 2 hills, 2 forests, 3 pastures, 4 fields, and 3 mountains. Randomly place them in the white inner area.
- Place the number discs as shown.

ADDITIONAL RULES

ACTION PHASE UPDATES

Coins

Player 2 may spend coins to purchase resources during their Action phase as normal. They can also trade coins for resources with the supply as normal.

Buildings: Barbarians land on Catan

Resolve barbarian attacks as normal. Note that there are 2 coastal hexes with a number 5 disc and 2 coastal hexes with a number 9 disc. When a 5 or a 9 is rolled, place barbarians on both corresponding hexes. In this way it is possible for 3, 4, or 5 barbarians to be placed during a barbarian attack.

Example: Purple’s first dice roll is a 5. They place a barbarian on each of the coastal hexes with a number 5 disc (1a and 1b). Then Purple repeats this action two more times, rolling the dice until they have two more results that are neither a 7 nor a number already rolled.

END OF TURN PHASE

Expel barbarians

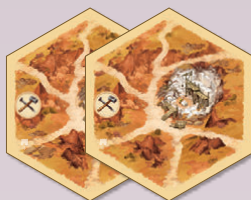

When checking for victory over the barbarians, start with the number 5 coastal hex (next to the castle) and move clockwise around the island, stopping when you have checked each coastal hex with a number disc.

TRADERS & BARBARIANS

ADDITIONAL COMPONENTS

5 commodity hexes

2x quarries

2x glassworks

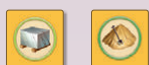

1x castle

18 commodity tokens

6x quarry front

(3x each back)

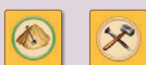

6x glassworks front

(3x each back)

6x castle front

(3x each back)

2 frame pieces

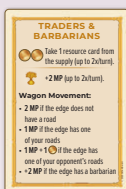

2 wagon boards

2 cubes

2 player aids

(double sided)

12 development cards

back

20 coins

8x 5 gold 12x 1 gold

2 wagons (1x each color)

CHANGES TO SETUP

- Add the two new frame pieces from *Traders & Barbarians* 5–6 to the frame pieces from *CATAN* and *CATAN* 5–6 and assemble the frame as shown on the top of the next page.
- Place the new castle hex, the 3 quarries, the 3 glassworks, and the 2 deserts as shown. Pay special attention to which hexes have four interior paths (shown above with “X” markers on them) and which ones have six interior paths (no “X” markers on them).
- Randomly place the remaining hexes to finish creating the island.
- Place all the number discs from *CATAN* 5–6 as shown.
- Place the 3 barbarians in the locations shown.
- Add the 18 commodity tokens to the ones from *Traders & Barbarians*. Sort them into three stacks by type (castle, glassworks, quarry). Shuffle the stacks separately and place them within reach of all players. All the quarries draw from the quarry stack, and all the glassworks draw from the glassworks stack.
- Shuffle the 12 development cards into the deck of cards from *Traders & Barbarians*.

ADDITIONAL RULES

PRODUCTION PHASE UPDATES

Resolve a 2 or 12

The number 2 and number 12 discs are available in this game. Do not reroll the dice. Those hexes produce as normal.

ACTION PHASE UPDATES

Coins

Player 2 may spend coins to purchase resources during their Action phase as normal. They can also trade coins for resources with the supply as normal.

Roads and settlements

Roads and settlements may be built on commodity hexes as shown here.

3–4 player commodity hex:

5–6 player commodity hex:

 PLAYER 1	 PLAYER 2
Production Phase	
- Action Phase - Trade (with player or supply) - Build - Take scenario-specific actions	- Action Phase - Trade (with supply) - Build - Take scenario-specific actions
- End of Turn Phase (scenario specific)  Place trade wagons  Move knights and expel barbarians  Move wagon and pickup/deliver commodities	- End of Turn Phase (scenario specific)  Place trade wagons  Move knights and expel barbarians  Move wagon and pickup/deliver commodities
